**CALIFORN** 

Do you want to live where the climate is mild the year where labor is never oppressed by arress of weather, a animal vitality is never lost by mere conflict with cold? Do you want to live in a region where the resource varied than in any other equal area in the world, where of great ranches affords a fine opportunity to get a smg will assure you a competence?

Do you want to live where, with a minimum of labor grow profitable crops of grapes and small fruit, oranger grow profitable crops of grapes and grain, where crops business is good and capital easily finds profitable investing. Then go to California, where both health and opports your soming.
